Re: Town of Goshen – Quality Bus Service, LLC
Additional Paving

Dear Mr. Fuller,

This follows our field meeting of April 20, 2012 with Superintendent Knoell regarding the paving of a relatively small area of the referenced site (7,000 square feet). As discussed, the Planning Board, at their March 15, 2012 meeting, approved a gravel parking lot with a concrete walkway in this area. The replacement of the gravel and concrete in this area with asphalt pavement will improve access to the ADA parking stalls and facilitate maintenance.

In our opinion, this work may be authorized as a field change, however we have copied the Planning Board so they may consider this matter and advise if they have any questions or concerns.

If you have any questions, do not hesitate to call.

Very truly yours,

RIDDICK ASSOCIATES, P.C.

Sean T. Hoffman, PE
Consulting Engineer
