Public Hearing:

Michalski 14-31-4: Jay Miroue, and Al Fusco for the applicant

Presented the plan with the proposed improvements. Date of the last dated plans are:
4/3/07

No input from the fire department.
No input from

Reviewed changes made to the plans as the result of the comments from Stantec,
engineers for the town.

Sent to the DEC, Larry Beagle for verification of the stream classification. No response
received, possible to be considered a drainageway.

Question on storm water runoff from the road. adequacy of swales, quality treatment was
questioned, no plans to pave,

Page two: requested clarification of the lines on the plan, swales would be contained
within the ROW and not within the adjoining properties.

Opened to the public at 8:03 p.m.:

Joseph Decker, Autumn Trail, questioned the need for a permit for a road, his house is
on the back side of his property which is close to the proposed road,

Rob Richner: Autumn Trail

Submitted three pictures, Exhibit a-c as identified on the back of the pictures
